## 1. Mission/Vision Statements of the School

---

### PALM BAY SCHOOLS VISION

Empowering the lives our of our learners

### PALM BAY SCHOOLS MISSION

Provide authentic learning experiences, a collaborative, nurturing environment that will equip our students for academic and personal success throughout their educational careers and beyond.

Kindness, Responsibility, Respect, and Integrity are found in our school's core values and expectations. Individual worth and high expectations for all students are also part of this value system.

The school will adhere to the guiding principles as outlined in Section 1002.33(2)(a) of the Florida Statute by providing students with an educational opportunity that promotes high student achievement and flexibility. The school will offer students a learning model that focuses on the development of the whole student, supports high academic standards, integrates technology in all aspects of learning, and promotes tolerance for others.

### School Grade History

## 3. Title I Requirements

---

The school will adhere to the guiding principles as outlined in Section 1002.33(2)(a) of the Florida Statute by providing students with an educational opportunity that promotes high student achievement and flexibility. The school will offer students a learning model that focuses on the development of the whole student.

---

### 3.1 Professional Development Strategies for 2024-2025

- Teachers will be trained in analyzing summative assessment data to make data driven decisions for instruction in ELA, Math, Science, and History.
- Teachers will conduct a book study with The Joyful Teacher Strategies for Becoming the Teacher Every Student Deserves to increase the culture for clear expectations, structure, classroom management, student engagement, teacher-led instruction and student collaboration.

Person(s) Responsible: Patty Phillips ([patty.phillips@palmbayschools.org](mailto:patty.phillips@palmbayschools.org))

### 3.2 Positive Culture

***Describe how the school plans to build positive relationships with parents, families, and other community stakeholders to fulfill the school's mission and support the needs of students.***

The school completes a Parental Involvement Plan (PFEP), which can be found on the school website and as a hardcopy in the school office.

Palm Bay builds positive relationships through continuous communication (teacher or staff contacts, Remind, website, monthly newsletter, Charter Board meetings, and family events sponsored by the school.

***Describe how the school ensures the social-emotional needs of all students are being met, which may include providing counseling, mentoring, and other pupil services.***

The school will utilize a Behavior Paraprofessional, a Social Worker, and the School Counselor to assist teachers and administration with the behavioral needs of students. Additionally, an academic intervention teacher, and/or paras, will be hired to assist students in academic areas of need.

***Describe the strategies the school employs to support incoming and outgoing cohorts of students in transition from one school level to another.***

The school will create and implement a Transition Plan for students moving from middle school to high school. The plan will include classroom visits, parent meetings, and materials to accelerate curriculum.

### 3.3 Recruitment./Retention of effective teachers

***Describe the process through which school leadership identifies and plans to recruit/retain effective teachers.***

#### For recruitment:

Admins use an on-line employment-related search engine to search for applicants and post positions. The system has allowed for “new hires” who were planning a move to the area. In addition, positions are advertised via the Bay District Schools employment opportunities website. Administrators and faculty members maintain relationships with staff at local colleges (Florida State PC Campus, Chipola State College, and Gulf Coast State College), where jobs are posted and discussed with possible candidates.

#### For retention:

Principals celebrate teacher achievements via a weekly newsletter. Teachers are given positive feedback as a result of administrative weekly classroom walk-throughs. The principal builds relationships with all teachers; and is intentional about those relationships with the teachers who are highly effective as instructors.
